Personal Details

- Profession : Mobile and Web App Developer (React | Next.Js | JavaScript | React Native | Expo | Typescript | Flutter)

Objective

Dynamic Full Stack Mobile and Web Application Developer with expertise in Next.js, React, React Native, and Expo, seeking to leverage proficiency in TypeScript, JavaScript, API integrations, and AI-driven solutions to build innovative, scalable, and user-centric applications that drive business success and enhance digital experiences.

Experience

- **Hirenest**   September, 2025 - Present
  Full Stack React Developer
  - Designed and developed a high-performance, scalable web application using React and Next.js.
  - Architected and integrated robust front-end solutions, leveraging React hooks, state management (e.g., Redux or Context API)
  - ensuring seamless API integrations, adherence to modern web standards, and rigorous testing to achieve a reliable and secure user experience.

- **VTL Academy, Lagos, Nigeria**   May, 2025 - September, 2025
  React Native/Expo Developer Trainer using AI (Onsite)
  - Designed and delivered engaging training programs on mobile app development using React Native and Expo, empowering learners with hands-on skills to build cross-platform iOS and Android applications.
  - Mentored aspiring developers through their first mobile app creation journey.

- **Nocode Africa, Nigeria**   September, 2024 - December, 2024
  React Native Developer (Remote)
  - Worked closely with client to gather requirements and translate them into technical specifications for implementation.
  - Debugged app issues, leading to a more stable product.
  - Built databases and table structures for ecommerce mobile application using firebase/firestore backend integration.

- **Daniel Kregset Team, Norway**   April, 2023 - July, 2023
  React Native Front-end Developer (Upwork - Remote)
  - Worked closely with client to gather requirements and translate them into technical specifications for implementation.
  - Continuously updated features in the proposed App development.
  - Debugged complex issues, leading to a more stable product release.

Education

- **Tai Solarin University, Ogun State, Nigeria**   2019
  COMPUTER SCIENCE
